

PLASTIC HINGES 76.2 MM LONG

54-7-3011

Technical features:

- Temperature: -40°C up to +80°C.
- Can be fixed with: rivets, screws, nails or clamps.
- Chemical resistance: oil, solvents, sea water and most chemical agents.
- Tensile resistance: 180 N/cm.
- Material offers excellent fatigue resistance.

A	76.2 mm
----------	---------

Material	polypropylene
Weight (g)	16 g
B	63.5 mm
C	4.76 mm
S (hole diameter)	4.62 mm
Finish	black
