

## **SWIVEL TORQUE HINGE WITH HOLE DIAMETER 21.5 MM**

**70-7-3637**

Rotation angle: 360°.

Friction torque: 3 or 5 N.m.

Center hole for easy cable management.

For indoor applications (industrial control panels and monitors).

Produced mainly in stainless steel, for a complete description of the materials contact us.

<b>A (length)</b>	60 mm
<b>Material</b>	430 stainless steel
<b>Weight (g)</b>	174 g
<b>Torque</b>	5 N.m N.m
<b>D (width)</b>	25 mm
