

CHARNIERE INVISIBLE AVEC GORGE CIRCLIPS

60-1-4033

Poids (g)	94,2 g
-----------	--------

Technical drawing of a mechanical part, showing two views: a) front view and b) side view.

View a) shows the front of the part, which is a rectangular block with a central slot. The total height is 75, and the height of the central slot is 60. The part has a top flange and a bottom flange. A dimension line indicates the total height of 75, and another dimension line indicates the height of the central slot of 60. A small circular feature is visible on the top flange.

View b) shows the side of the part, which is a rectangular block with a central slot. The part has a top flange and a bottom flange. A dimension line indicates the total height of 75, and another dimension line indicates the height of the central slot of 60. A small circular feature is visible on the top flange.

The drawing includes a dimension of $\varnothing 6$ for a hole in the side view.

Technical drawing of a mechanical part, showing a side view. The part has a total height of 73,5 and a diameter of Ø6. A callout line points to a feature labeled "b), e)".

Technical drawing of a component, labeled **c), f)**. The drawing shows a side view of a rectangular object with a height dimension of 73,5. A dashed line indicates a vertical section or internal feature. A small circular feature is located near the top left corner, and a curved line indicates a rounded edge or fillet. A dimension line indicates a height of 73,5.
